

H.O.T. FRIDAYS

Summer is over, but we have found new meaning for the word *HOT*.

H-higher

O-order

T-thinking

Every Friday afternoon our students will be participating in “H.O.T. Fridays” spending their time in D.E.A.R. (Drop Everything And Read) sessions or participating in activities to promote critical thinking.

We know our students need to be critical thinkers in order to succeed in today’s world. Through these higher-order thinking activities, SJN students will develop strategies for analyzing, synthesizing, and evaluating, allowing them additional ways to *Experience Success!*
