VIRTUS Training: As a part of the SJN family, we expect all parents to volunteer at some time during the year. Because of this and to insure the safest possible environment for the children, all parents are required to complete the VIRTUS training. It is offered at the school and throughout the state at various times and dates. If you attend a training session at a different location, you must send in a copy of your certificate, so we have it on file. Go to www.virtus.org to find a date and time that is convenient to you. You must register online before attending a session. When you take this class, you are given several references where you can check on information for your neighborhood. Please add this website to those references www.familywatchdog.us.

Next Training: November 19, 2009, with Mrs. Cole in the library from 6 – 9 PM

Health Update
SJN has only had 4 doctor diagnosed cases of H1N1. Many pediatric offices are not testing for a specific flu virus. SJN has had several diagnosed cases of strep throat and several cases of a viral infection. SJN has not had large number of children absent. If your child wakes up with a cough, sore throat, or achy feeling consider seeing the doctor.
